

STANDARD OF CARE POLICY

Thank you for choosing us as your dental care provider. Dr.Galli is committed to providing you with the highest standard of care available. As a new patient in our office we gather all the necessary diagnostic information on your first visit so the doctor can have a thorough and accurate picture of your dental health. If you bring records from another office we may still need to take our own in order to give you an accurate diagnosis.

For those of you who have dental insurance, please be aware that your insurance company may not reimburse you for all of your recommended treatment. This will not prevent us from providing you with the care you deserve and we will do our best to inform you of insurance limitations. It is customary to pay for professional services at the time they are provided.
